

AAA WESTERN AND CENTRAL NEW YORK MEMBERSHIP TERMS AND CONDITIONS GUIDE

Membership Terms and Conditions

These terms and conditions (the "Terms") govern your membership with AAA Western and Central New York, Inc., including its affiliates and subsidiaries, as applicable ("AAAWCNY," "we" or "our"). Purchase or use of your AAAWCNY membership subjects you to these Terms. The Terms are available at any time online (at AAA.com), or you may request a copy by writing to us at the address below (see "Service Comments"). We may change the Terms at any time by posting revised Terms on AAA.com, without notice or liability. Unless otherwise noted, any changes take effect immediately.

Your AAA Membership

Each membership is for a twelve (12) month term from join date (each, a membership year or "Term"). You should have your membership number ready when requesting service. The person in a household who is responsible for payment on the account is referred to as the "Primary member." The Primary member must be at least 16 years old and have a valid government issued ID. Other members in your household are not eligible to use your membership number, but they can be added to your membership at a discounted "Associate member" rate. A separate membership number will be issued for each member. Associate members must carry the same coverage (AAA Basic®, AAA Plus®, AAA Premier®) as the Primary member. AAA reserves its rights relative to any membership offerings for households. Please contact AAA with any questions. Optional AAA RV Rider benefits also cover every member on the membership. Primary members are responsible for the conduct of their Associate members. Associate members may make changes to the membership with the exception of canceling the Primary member's membership, canceling other Associates on the membership, and downgrading service levels. An Associate member, with permission and approval from the Primary member, may be classified as the "Donor member," which provides them with the same membership capabilities as the Primary member, except for canceling the Primary member's membership. When requested, AAAWCNY may share service details with Primary members related to Associate member service requests or calls. Your individual membership cannot be used by a business or organization to provide roadside assistance for its customers, employees, or vehicles (including without limitation, ride sharing services). Limit one membership per person.

Extended benefits

Members may upgrade to AAA Plus or AAA Premier at a pro-rated amount based on the membership's expiry.

The optional AAA RV Rider is not offered at a prorated amount. AAA Plus, AAA Premier, and AAA Plus/RV® or AAA Premier/RV® coverage begin 7 days after enrollment or upgrade. All AAA Basic benefits are available during the 7-day wait for extended services. Pre-existing breakdowns are not eligible for AAA Plus, AAA Premier, AAA Plus/RV, or AAA Premier/RV coverage. A service fee, in addition to standard membership dues, will be assessed for new or past due members in need of roadside assistance, provided at the Basic level, at the time of enrollment.

Membership renewal

If payment is late and received within 90 days after the due date, the original expiration date of your membership will not be changed, unless you request otherwise. If requested, the revised membership will commence upon payment and will expire the following year on the last day of the month in which payment was received. In that event, an entrance fee will apply. Your membership tenure will not be affected.

Convenience Billing renewal

Authorize your AAA dues to be charged annually or monthly to your credit card (Visa, MasterCard, or Discover) to prevent any lapse in your membership coverage. By enrolling in Convenience Billing, you agree to automatically renew your membership, your membership will continue until canceled, and you agree for AAAWCNY to charge current membership dues to your credit card until canceled. Members joining online or on a discount are required to enroll in Convenience

Billing. Convenience Billing may be cancelled online by visiting the "Billing information" section of your AAA.com account or by calling (800) 836-2582.

The Monthly Payment Plan ("MPP") allows eligible members to pay for their annual membership via 12 monthly payments. Members wishing to enroll in MPP must sign up for Convenience Billing with a valid credit/debit card during the billing period. The members' credit/debit card will be automatically charged each month and will include a \$1 processing fee for each payment processed. Some restrictions may apply. See AAA.com for more specific information, details and requirements.

Membership refund policy

Members will receive a refund if the membership is canceled within 30 days of the renewal date or join date. Entrance fees will not be refunded. If road service, travel, or attraction discounts are used, the cost of service or discount will be deducted from the refund.

Scope of service

Your membership doesn't just cover one car. Your membership covers you in any eligible vehicle you are driving or as a passenger if that vehicle becomes disabled.

When your vehicle cannot be made operable upon providing the services listed in these Terms, your vehicle will be towed to a repair facility of your choosing to render the service, or a maximum of five miles in any direction from the point of disablement, or back to the responding facility, at no charge. When transportation to the repair facility cannot be provided, AAAWCNY will assist you in locating alternative transportation at your expense. If a repair facility cannot be located, we will assist you in locating lodging or alternative transportation, at your expense. AAAWCNY is not liable for any damages or claims arising from the action, or inaction, of the chosen repair facility. In the event of a dispute between you and a repair facility, AAAWCNY may attempt to assist in mediating the dispute, depending on the circumstances, but AAAWCNY is not responsible for the resolution of any dispute or for the repair facility's action or inaction.

Roadside Assistance is provided by AAA owned fleets as well as a nationwide network of independent contractors. Under your membership, Roadside Assistance will be provided without charge from the nearest available provider. Your service call will include AAA's operator/truck traveling to the disabled vehicle, where the service operator will attempt to make your vehicle operable.

AAAWCNY cannot control the manner or method employed by independent contractors providing Roadside Assistance. AAAWCNY is not liable for any claims, damages, actions, suits, or demands (collectively, "Claims"), arising from any act or omission of an independent contractor(s). Claims are the responsibility of the independent contractor. In the event of a dispute between you and an independent contractor, AAAWCNY may assist by mediating the dispute, but AAAWCNY is not responsible for an independent contractor's action or inaction (see "Service Comments/Claims" below).

Charges for service that exceed the benefits listed will be at prevailing hourly or mileage rate of the region where service is provided. Payment is due at the time of service by cash, check, or credit card.

How to obtain Roadside Assistance

Roadside Assistance is available 24 hours per day, 7 days per week by downloading the AAA Mobile app, visiting AAA.com, or calling ((800) 222-4357 ((800) AAA-HELP). For those members who have a hearing impairment and use a TTY device or relay service, dial (315) 451-5020 or 711 respectively

Service will be provided to any member driving or riding in an eligible vehicle when it becomes disabled, subject to these Terms.

When you place your call, please give all information asked for by the operator. Be prepared to give your name, date of birth, address, membership number, vehicle description, location of vehicle and probable trouble. This information is required for us to properly service you. If you have a physical disability that requires special transportation or needs, please let us know at the time of call placement.

When the service provider arrives, you will be requested to present your driver's license or other photo ID. Please note that recording devices may be used in roadside assistance vehicles.

AAAWCNY utilizes a Roadside Assistance alerts SMS/MMS program. Participation in the SMS/MMS program is voluntary. You can cancel receiving Roadside Assistance SMS/MMS alerts at any time. Text "STOP" to (949) 994-5341 and we will send you a reply text message to confirm that you have been

unsubscribed. For additional information, text "HELP" to (949) 994-5341 and we will respond with instructions on how to contact us or unsubscribe.

Participating Tier 1 carriers: AT&T, Spring/Boost/Virgin, T-Mobile, MetroPCS, Verizon Wireless. Please note that supporting mobile carriers may change without notice. If your mobile operator is not participating, you will not receive a reply to your messages. Tier 1 carriers and AAAWCNY are not responsible for any delays upon sending or receiving MMS or SMS text messages. Message and data rates may apply. Message frequency may vary. If you have any questions about your text plan or data plan, it is best to contact your wireless provider.

We welcome comments concerning your experience and will work with you to resolve your concerns. Call us 24/7 at (800) 836-2582 or email us at msc@nyaaa.com.

Stay with your vehicle

You should remain at or near your vehicle to receive service. Unattended vehicles cannot be put in running order, since they may be stolen or need additional starting if the engine is turned off. Of course, exceptions will be made in extenuating circumstances.

By choosing Roadside Assistance, you recognize the assumption of certain risks associated with towing or other vehicle-related services. Each member is responsible for the removal of any and all valuables from the vehicle prior to receiving Roadside Assistance. AAAWCNY is not responsible or liable in the event of loss or damage to any personal item(s) during a service call, including personal items allegedly left in the vehicle during or after service.

AAAWCNY is not a law enforcement agency. AAAWCNY associates cannot conduct criminal investigations on behalf of, or at the request of, our members. To report an alleged loss of your personal items, please contact your local authorities and your insurance company. AAAWCNY may assist, when requested, upon receipt of legal process.

Safety

If you do not feel safe, always call the proper authorities. AAAWCNY cannot facilitate emergency rescue operations.

Eligible vehicles

Service applies to all properly licensed four-wheeled motor vehicles of the passenger, pleasure, or recreational type (vans, campers, and motor homes) regardless of license plate designation (except as noted below), if those services can be safely delivered in the particular circumstances with standard equipment (i.e., considerations related to the specific size, height, weight, or wheelbase, including loaded or modified vehicles).

Dual-wheeled campers/motor homes are eligible for all services except towing, extrication/winchings and tire service. Dual-wheeled unloaded pickup trucks (with unmodified pickup bodies) are eligible for all services. Dual-wheeled vans, utility, boat, and snowmobile trailers are not eligible for service. Rented passenger vehicles and commercial vehicles are eligible for service, with the exception of taxi cabs and limousines or vehicles otherwise identified as fee for service vehicles with livery license plates.

AAA Plus/RV and AAA Premier/RV members receive extended vehicle coverage for all services to include motorcycles, motor homes, pickup trucks with campers, and 5th-wheel travel trailers.

Vehicles that cannot be safely driven are not eligible for services, which would include, without limitation, vehicles for which, in AAAWCNY or its independent contractor's sole discretion, there is no legal driver available (e.g., not under the influence of drugs or alcohol).

Optional RV and motorcycle coverage

The AAA RV Rider is an optional benefit that can be added, for a fee, to AAA Plus or AAA Premier. The RV Rider extends present Roadside Assistance benefits to recreational vehicles for all services up to \$500 per service request and limited to \$1,000 per household per Term, regardless of the total number of allotted service calls used in that Term. Recreational vehicles include motorcycles, all motor homes, pickup trucks with campers, travel trailers, and 5th wheel travel trailers.

AAA RV benefits are effective 7 days after enrollment or upgrade to the extended service. RV calls are taken from the 4 calls allotted to AAA Plus or AAA Premier Membership. RV coverage applies to all members on the account that carries the RV Rider. Service will not be rendered to breakdowns occurring prior to enrollment

in the AAA RV Rider.

Roadside Assistance call allowance

In an effort to increase the quality of Roadside Assistance and decrease delays, each Primary member will be entitled to a maximum of four (4) free service calls per Term. Associate Members will be entitled to two (2) free service calls per Term. After the member uses the allotted number of free calls, AAAWCNY may assist members in obtaining private service from AAA-approved contractors (fleet or independent contractor) when available at the member's expense. AAA Plus, Plus/RV, Premier and Premier/RV benefits cease after the allotted service calls are used for the Term. RV calls are counted against the calls allotted to Plus or Premier membership for each Term. Members who purchase a AAA battery during a roadside assistance call will not be charged against their call allowance for reach Term.

Mechanical adjustments

Minor/temporary adjustments will be made in an attempt to enable your vehicle to operate safely under its own power. If these attempts are unsuccessful after a reasonable effort by the service provider, the towing provision will apply. AAAWCNY does not represent or warrant that the minor/temporary adjustments will resolve any mechanical concerns or warrant the accuracy of any technician's initial recommendation(s) or the minor/temporary adjustment made.

Tire change

Your spare will be installed to replace a flat tire. For safety reasons, the rim should be free of rust and the tire inflated and serviceable. If the spare cannot be safely installed, the towing provision will apply.

Fuel delivery

A limited supply of fuel will be delivered to your disabled vehicle to enable you to reach the nearest service station. Specific types, brands, octane ratings, or blends, cannot be promised. If the necessary type, brand, octane rating, or blend of fuel is not available for delivery or the vehicle cannot be made operable, towing services will be provided in accordance with the towing provision. AAA Basic Members will be charged the current pump price for the fuel. AAA Plus and AAA Premier Members will be provided, at no additional cost, a sufficient amount of fuel to enable you to reach the nearest service station.

Battery service

A battery boost will be provided in an attempt to start your vehicle. All inclusive mobile battery testing and replacement service (at a member discounted rate) is also available to members in many areas. Please contact us for additional information. Please see separate applicable terms and conditions related to battery warranties. AAAWCNY is not able to warranty any battery without proof of a failed battery test.

Locksmith service

Lockout service: If your keys are locked inside the vehicle, service will be sent to gain entrance. If the service provider cannot gain entrance to your vehicle, locksmith service up to \$50 (or reimbursement for commercial locksmith service up to \$50) and/or, towing services will be provided in accordance with the towing provision.

Lost or broken key: If the key that operates or provides access to the passenger compartment of the vehicle is lost or broken, locksmith service up to \$50 or reimbursement for commercial locksmith service up to \$50 will be provided. In cases where the vehicle cannot be made operable, towing services will be provided in accordance with the towing provision.

AAA Plus and AAA Premier memberships provide added coverage or reimbursement up to \$100 in parts and labor for locksmith service if such service is required to unlock your vehicle or make it operable.

AAA Premier provides reimbursement for up to \$100 per household once per Term in commercial locksmith services to gain access to member's primary residence from the outside with proof of primary residence.

Extrication/winchings

Your vehicle will be extricated/winched when it can be safely reached from a normally traveled or established and maintained thoroughfare. If special equipment, more than one truck, or more than one person is required, the associated costs may be at your expense. AAA Plus and AAA Premier provide coverage to include

the delivery of services by a second truck and operator for one hour at the scene. Extrication/winchng is not available for snowbound or un-shoveled vehicles. AAAWCNY is not responsible for, and is unable to, shovel or clear snow, mud, dirt, or sand.

Towing services

Your vehicle will be towed when it can be safely reached from a normally traveled or established and maintained thoroughfare. Flatbed service or specific truck requests cannot be guaranteed at the time of request, and may require an additional fee if requested but not required. Towing is limited to one tow per breakdown. Tows exceeding the allowed mileage will pay a prevailing rate for each additional mile, payable at the time of service. In the event that your vehicle requires towing service from an automobile-related facility (such as a repair facility), the vehicle will be towed during the facility's regular business hours. AAA will not provide towing services from an impound lot, but full reimbursement for covered services will be provided.

In instances when your vehicle becomes disabled while towing a trailer, towing service will be provided for the trailer (excludes fifth-wheel trailers) to the same repair facility as your vehicle. You will be required to pay for trailer towing (except for trailers covered under the optional RV Rider).

AAA Plus provides up to 100 miles of free towing in any direction from the point of disablement to the destination of your choice. AAA Premier provides up to 200 miles of towing on one of your allowable service calls, and up to 100 miles of towing on the three remaining allowable calls.

Bicycle Assistance

Transportation services will be provided for you and the bicycle you are riding when it has become disabled and can be reached from a normally traveled road. If you are on a bike path, trail, or other restricted pathway, the service vehicle will meet you at the closest point of entry for motor vehicles. We'll take you and your bicycle to the location of your choice according to the towing benefit included with your membership. Any additional mileage is at the member's expense and due at the time of service. Bicycle repairs and tire changes are not available. Bicycle Assistance is included in your annual call allowance. Members should be with the bicycle at time of service. Outside Club territory, Bicycle Assistance will be rendered when available or reimbursement will be offered for covered services.

Canceling calls

If your car starts, you remedy your problem before the service provider arrives, or if you otherwise no longer require service, please contact AAAWCNY to cancel your request so service can be expedited for others and to assure the call does not count as one of your allotted service calls. If you choose to cancel a call and seek private service for completion of your request, reimbursement of any charges is not guaranteed and AAAWCNY will review each request based on the particular circumstances.

When services do not apply

Roadside Assistance will not be rendered to any vehicle when towing is requested other than for mechanical breakdown or accidents. Proper vehicle registration and licensing is required to provide service. AAAWCNY cannot facilitate emergency rescue operations. In the event of a government-issued travel ban, AAAWCNY cannot offer Roadside Assistance services in the affected areas. Service is not available for snowbound or un-shoveled vehicles, or vehicles inaccessible due to road conditions. AAAWCNY is not responsible for, and is unable to, shovel or clear snow, mud, dirt, or sand.

Unavoidable delays

Because of our geographic location, calls for service can number well over 3,000 per day on especially severe weather days, with every piece of equipment in use around the clock. In these circumstances, long delays cannot be avoided and AAAWCNY appreciates your patience. It is possible in certain circumstances that all services may be unavoidably delayed, or even temporarily suspended (i.e., severe weather days). AAAWCNY does not represent or warrant that it can provide service at any given time, or that you will receive service within a certain amount of time.

Alternate service

If you have followed the procedure outlined to obtain Roadside Assistance

and AAA service is not available or AAA contractor access is restricted (toll roads, limited-access highways), AAAWCNY will provide reimbursement for covered services at the prevailing commercial rate for the region, based on your level of membership. Full reimbursement for covered services will be provided for police-ordered tows, where AAA access is legally restricted, and tows from impound lots. Storage fees will not be reimbursed. Towing is limited to one tow per breakdown.

If AAA service was available but not requested, reimbursement may be limited to the amount AAAWCNY would normally have paid for the covered service.

You must submit the original receipt within sixty days of service for consideration. AAAWCNY may adjust or deny reimbursement for service provided by individuals or companies not normally engaged in providing roadside assistance.

Call (800) 836-2582 or visit AAA.com to obtain a reimbursement form. For reimbursement consideration, complete the form and send it, along with receipts to: ERS Reimbursements, 100 International Drive, Amherst, NY 14221.
